PRESS RELEASE

**EL WADY FOR PHOSPHATE INDUSTRIES AND FERTILIZERS WAPHCO
THE ENGINEERING, PROCUREMENT, CONSTRUCTION, TESTING,
COMMISSIONING AND PERFORMANCE GUARANTEES (EPC) WORKS FOR THE
MAIN PLANT SITE ESTABLISHMENT AND INSIDE BATTERY LIMITS, UTILITIES &
OFFSITES FACILITIES (PACKAGES 1 & 2)**

SELECTION OF THE PROJECT MANAGEMENT CONSULTANT (PMC)

OWNER is pleased to announce that "SOFRECO", France has been selected for the award of the Project Management Consultant (PMC) services related to the phosphoric acid production project during the execution phase. SOFRECO has vast experience in PMC Services related to similar projects involving multi discipline works with international EPC Contractors.

An integrated Project Management Team (PMT) will be composed of the OWNER's team and SOFRECO in order to manage and supervise the works done by the EPC Contractor (CSCEC/WENGFU JV) related to EPC Packages 1 & 2 involving the works to be performed in different locations covering China, Germany, Cairo and the Site in Abu Tartour over a period of 36 months from the commencement date of the Services.

On a separate agreement with Misr Phosphate Co., SOFRECO is currently doing the mine assessment works related to the mining concession of El-Zayaat from which the feedstock supply of high quality phosphate rock will be supplied to the phosphoric acid chemical complex during the lifetime of operation.
